PROFILE

I care about the details and consider the motion design of affordances to be crucial in creating effective, intuitive interfaces. I like prototyping – it helps me think through interaction models and new possibilities.

SKILLS

COMPETENCY

University of Hertfordshire

2010 - 2013

EXPERIENCE

UK Atomic Energy / Oct 2018 – Oct 2020

UX/UI Designer and Web Developer / Contract Oxford, UK

- Coordinated, designed and developed a multilevel CMS dashboard that improved workflow efficiency by 80% and transformed the process from waterfall to agile.
- Conceptualized, designed and co-developed a web app as part of the safety program for the facility which replaced the traditional paper form and received excellent feedback on the intuitive UI design.
- Contributed to team efforts with user research, wireframes, UI interaction design, design system and overall visual design.

Freelance / Sep 2014 – Apr 2018

Product Designer and Front End Developer | UK - EU

I have worked with agencies, design studios and taken on solo projects. The work has been primarily in the realms of responsive site design, UI design, front end developing layouts, branding, motion design, and prototyping.

- **Bestpet** – Re-branded the whole company. Designed and developed the eshop and raised brand awareness with SEO and google maps which led to over 1500 visitors each month and increased sales revenue by 50%
- **NHS Podiatry Services** – Crafted a portfolio for the agency leading to increased traffic 120% first week and offers from the NHS
- **GGU media** – Re-designed the original homepage, performed A/B testing and increased traffic by 3500+ extra visitors each month
- **Hespras Plastic Surgery Event** – Created UI Designs, websites and posters for the medical conference

Webflow / Aug 2013 – Sep 2014

Product Designer | Greece, Europe

- Performed interviews, contextual inquiries, on projects with stakeholders, drafted user journey maps and wireframes
- Designed High fidelity UI's with tools like Sketch and illustrator.
- Helped and mentored interns and new employees with our workflow
- Prepared a monthly presentation of team performance, with clients' stats, achievements
